4. Product Overview
- Front View:
- USB-C Port (PD 3.0/PPS supported)

5. Instructions for Use
1. Plug the Charger:
- Insert the charger into a standard AC power outlet (100-280V).
2. Connect Your Device:
- Use a compatible USB-C cable (not included) to connect your device to the USB-C port on the charger.

3. Charging:
- Your device will begin charging immediately with up to 20W power output.
4. Safety Note:
- Ensure that your device supports PD or PPS charging to utilise the fast-charging capabilities effectively.
- Do not expose the charger to water or moisture.

6. Safety and Maintenance
- Do not disassemble or modify the charger in any way.
- Avoid using the charger in extreme temperatures (below 0°C or above 45°C).
- Unplug the charger when not in use to conserve energy.
- Keep the charger away from children and pets.

7. Troubleshooting

Issue	**Solution**
Device not charging	Ensure the USB-C cable is securely connected and functioning.
Slow charging	Confirm the device supports PD or PPS technology.
