

SmartFlick Ignite 60F

User Manual

Thank you for choosing SmartFlick Ignite 60F.

The Ignite 60F is a premium USB-C to USB-C cable designed for fast charging and data transfer. Built with a pure copper core and durable flat braided construction, it delivers reliable performance for everyday use.

Product Specifications

- Model: Ignite 60F
- Cable Type: USB-C to USB-C
- Charging Capacity: Up to 60W
- Length: 1.2 Meter
- Conductor Material: Pure Copper
- Outer Material: Premium Flat Braided
- Function: Charging & Data Transfer

How to Use

1. Connect one USB-C connector to a compatible charger, power bank, or computer.
2. Connect the other USB-C connector to your device.
3. Charging and data transfer will begin automatically.
4. For best performance, use with certified USB-C chargers and compatible devices.

Safety Instructions

- Use only with compatible USB-C devices.
- Do not expose the cable to water, excessive heat, or direct flame.
- Avoid excessive bending, twisting, or pulling of the cable.
- Do not use the cable if connectors or insulation are damaged.
- Disconnect the cable by holding the connector, not the wire.
- Keep out of reach of small children.

Care & Maintenance

- Store in a cool, dry place.
- Avoid sharp bends near the connectors.
- Keep connectors clean and free from dust or moisture.
- Roll the cable loosely when storing.

Compatibility

Compatible with USB-C smartphones, tablets, laptops, power banks, gaming devices, earbuds, and other USB-C powered devices.

Package Contents
